

Listing of the Claims:

The following is a complete listing of all the claims in the application, with an indication of the status of each:

1. (Currently amended) A flexible disk drive, comprising:
a case; and
a disk holder, provided in the said case, the said disk holder on which a flexible disk is mounted,
wherein a part of the said disk holder abuts against an inner face of the said case,
wherein said part of said disk holder is a tip end portion of said disk holder, and
wherein said disk holder further comprises a backward part located at an opposite end from said tip end portion, said backward part pushing said inner face of said case upwardly when a downward pressure is applied to said tip end portion.
2. (Currently amended) The flexible disk drive as set forth in claim 1, ~~wherein the part of the disk holder is a tip end portion of the disk holder, and~~
wherein the said tip end portion of the said disk holder is bent in a slanted direction so as to enlarge an inlet of the said disk holder for the said flexible disk to be inserted.
3. (Currently amended) The flexible disk drive as set forth in claim 1, wherein the said disk holder has a pivot at an intermediate position in an insertion direction of the said flexible disk.
4. (Currently amended) The flexible disk drive as set forth in claim 2, wherein the said tip end portion pushes the said inner face of the said case upwardly.
5. (Currently amended) The flexible disk drive as set forth in claim 1, wherein the said disk holder is formed of a metal sheet.
